National Vaccine Information Center (NVIC) a wealth of information <https://www.nvic.org/>

Vaccine inserts with warnings and side effects from manufacturers – simply enter the type or name of the vaccine along with the word 'insert' into any search engine (I recommend www.duckduckgo.com) or peruse the FDA website www.fda.gov searching for their required vaccine inserts there as well for individual vaccines.

This information is being made harder to find but it is all there right on the official websites. Everything is being disclosed to us if we will do our 'due diligence' therefore there is implied 'informed consent' whenever we subject ourselves or our children to these 'vaccinations' containing abominable ingredients. We are in full consent both legally and spiritually even if we are somewhat being tricked and lied to by main stream media and our doctors if by nothing else by omission of all of the facts. Remember Joshua was lied to and tricked into making a covenant with the Gibeonites and our Abba held him to that covenant because he should have known better... Please pray about it and ask for guidance and wisdom with all healthcare decisions. Blessings & Shalom!

Shalom! Thank you for following up to make sure what I said is true! Don't take mine or anyone else's word (except Yah's) as fact without your own research.

To get you started I have made copies of all of the official website documents that I used in my presentation. All are included in this pdf. The very last page of this pdf has links to each of these documents on the official government, doctor and/or manufacturer's website where they were printed from in the order that they are contained in this pdf packet. Please check them out.
